Feeling Thankful

There have been numerous ideas of what to write for the next bulletin insert. Recent events and conversations have made it clear that i need to say, "Thank You." The successes of our Lutheran Schools in Southern MN are impressive. Now it is true that a number of schools have closed, but there are still plenty of options for parents to pursue a school culture rich in Christ at the core, in most cases, less than 30 minutes away.

If you talk with any ministry operation, they are bound to say that finances are a primary challenge, if not THE primary challenge. Complicate the conversation by having a small community. The general population of our community is not big, of which the LCMS membership is a mere fraction. The ability to have one school seems impossible, and yet we presently have five!!!

There is a dedicated collection of committed souls that desire Christian educational institutions to be in OUR community . THANK YOU!!! i get the privilege to say "Thank You" on behalf of all the graduates and families that had Jesus brought to them in a very real way by the dedicated servants of the Word that we call "staff and faculty." i get the privilege to say "Thank You" to the pastors that made the push and educated their congregations for the need for Christian schools. We are endlessly and eternally blessed by this commitment! THANK YOU! The need is as BIG as it ever has been and i am very excited for the next steps of these ministries. **Please keep up the Good Work!** There are families and children desiring what our schools have, what they offer, and what they share (Jesus!). i cannot wait for more opportunities to say, "THANK YOU"!!!

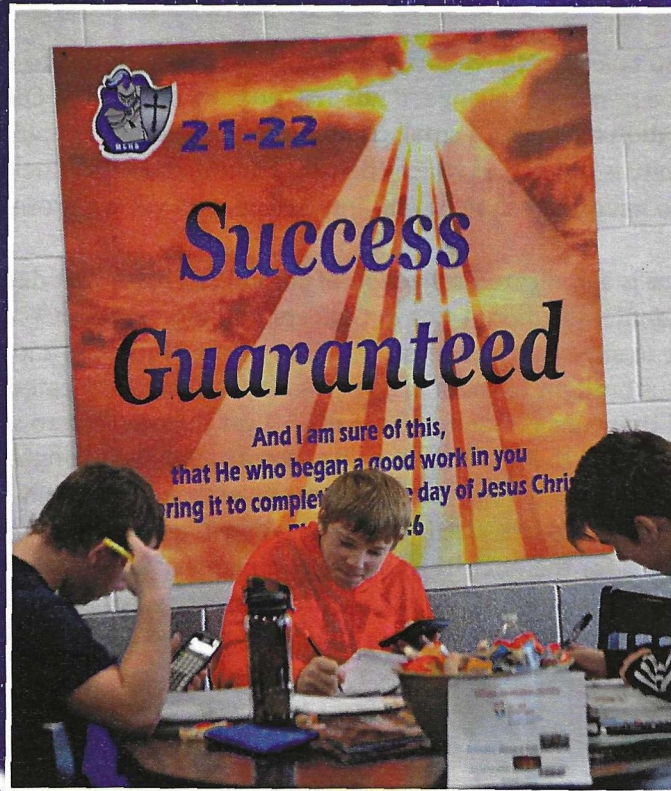

Come Lord Jesus, Amen!
