Objective Standards & Expectations

This is a slide in a recent presentation that I was privileged to give. It was to show the cultural standards that have flexed, evolved, or outright flipped from where they once were.

It is **NECESSARY!!**

- **95+% Sexually Fluid - 2022 Cambridge**
- **Abortion Normalized (as a woman's right???)**
- **History Abandoned**
- **Tradition Lost**
- **Scripture Lost and Not Authoritative**
- **Jesus merely our best example of our best self**
- **Morals Subjective**
- **Marriage Not Required and Archaic**
- **Children are Hindrances**
- **Gender Not a Word**
- **Evolution is Science**
- **More....**

These standards are allowed to morph as culture does not have an "Objective Standard" from which to derive important lifestyle standards. Their standards are built on "sinking sand" – Matt 7:24ff. These sinking sand standards are being taught (in schools and every wave of media) as good, right, and necessary. This is the culture we all need to minister to in one manner or another. This is also a culture we are sending our kids into.

They **BETTER BE READY, OR they WILL BE SWALLOWED UP.**

At MLHS we take this VERY serious. It is not about getting a good job or going to a great school or getting good grades. It is about where kids will spend their eternity. Jesus made it pretty clear that He is not interested in lukewarm Christians – Rev 3:15-16. Our kids do not merely need to withstand this culture. They need to

(over)

Disciple this culture. (A good education will go a long way to helping our kids withstand and disciple the culture. Therefore we are also very concerned for good jobs, great schools, and excellent grades.) We cannot teach our kids so little as to not want to reach out with the Gospel to friends and neighbors that get swept away in the cultural flood. We have the Truth—the clear, objective, eye-witnessed Truth. The harvest is plentiful. Be part of the preparation of workers! Come Lord Jesus, Amen!
